Hypnos, the fifth generation, family-run British company, has been manufacturing luxury handmade beds using traditional, time-honoured methods for over 100 years, and is renowned around the world as the expert in making handcrafted deep pocket spring beds. Combining traditional skills with constant innovation, and using only the finest natural materials, Hypnos has a reputation for making the most comfortable beds in the world.

Hypnos places the elements of quality and comfort above all else, with each bed individually made by master craftsmen and supported by a 10 year warranty. A Royal Warrant from Her Majesty Queen Elizabeth II reinforces Hypnos’s reputation for service excellence and the very best in British quality. Indeed, Hypnos doesn’t just make beds for the home, Hypnos beds can also be found around the world in the finest palaces, estates and hotels.

We spend around a third of our lives sleeping. The quality of our sleep directly influences how we feel during our waking hours. Deep, uninterrupted sleep not only rejuvenates the body and the mind, helping to improve daytime alertness and performance, but also positively improves our health and wellbeing. Hypnos prides itself on its insight into sleep, and in using this unique knowledge to design and make the most beautiful and comfortable beds in the world.
Every design detail of the Regency Collection has been carefully considered, providing the ultimate in luxury, comfort and total body support for a truly heavenly night’s sleep.

Recognising that everyone has individual needs and preferences – comfort, design and style – and that everyone is unique – weight, size and age – the Regency Collection embraces all of these values allowing beds to be individually tailored to you, your space and decor.

Each mattress is inspirationally designed, upholstered by hand using the most exquisite Belgian Damask fabric, with unique elegant designs, tailored with the finest hand-made wool tufts and traditional hand side-stitching.

Choose your Divan and Headboard Fabrics

The finishing touches provide added luxury, enabling the creation of a truly personal and striking contemporary design statement for the bedroom.

- A personal design statement – Headboards and divans can be upholstered in a range of matching colours and textures to match any interior and create a stunning bedroom centrepiece
- The ‘deluxe divan’ is tailored with an integral skirt with box-pleated corners and piped edging for the perfect detailing

Choosing a bed is a very personal decision.
Zip and Link

Because comfort is a matter of personal choice, there can be no ‘right’ or ‘wrong’ solutions. We have the best of both worlds. The Regency Zip and Link facility enables different spring tensions to suit the preferences of each sleeping partner and offers the added ability to split a double bed into two singles when needed.

ReActive Pillows

The Hypnos ReActive Pillow consists of over 40 individual pocket springs. It actively supports your head in the optimum position to help keep your spine straighter during sleep, regardless of how much you move in the night.

Unlike conventional pillows that need to be ‘fluffed’ up to regain their original feeling and comfort, the pocket spring construction allows Hypnos ReActive Pillows to instantly spring back into shape.

Choose your Storage Options

Our divan bases can include drawers in various configurations to accommodate your personal needs and your room.
Our extensive experience in pocket spring technology has produced many combinations of spring geometry. Defining new levels of individual comfort, your choice of spring tension ensures your personal level of support.

The Regency Collection offers a breadth of comfort and support levels to suit your personal preference. Our guidelines are:

Remember, disturbance by your partner is one of the most common causes cited for a lack of sleep. Real luxury and great sleep normally start off with a big bed. If you sleep on your own choose our 4ft Independence size for a truly comfortable experience.

The Comfort Layers

- **Natural Hair**: Naturally resilient and breathable. Hair acts like millions of tiny springs giving support throughout the lifetime of the mattress.
- **Cashmere**: Luxuriously soft with all the resilience of natural hair.
- **Pure Wool**: Wool creates a natural microclimate – warm in the winter and cool in the summer.
- **Cotton**: A natural fibre providing deep layers of comfort with the added benefit of dispersing moisture.
